Dear Parents

Greetings from the TUIS family !

We all know that Covid 19 impact is rising day by day with the second wave of the virus spreading all over. Keeping this in mind, the State Government has closed offline classes for classes 1 to 9 till the 19th of April.

Your ward is a boarder with us. The School management has decided to have arrangements of online classes and special tuition class within the campus if boarders stay at school. We will ensure a safe environment for them while they are with us by following all health protocols.

If you feel that you should allow your child to stay as a boarder then please fill in the consent form sign it and revert by 7th April. Although, you are also free to take your child home if you don't want him to stay back.

Please trust the school and co-operate.

Thanks
