The Ummedians will be the new young Researchers

8th December 2020, Abu Road

The Umm International School has proved that every time represents itself as a perfect opportunity for miracles. The school has introduced a new academic assessment criteria in the pandemic session of 2020-21. Research Essay is an international level program for the betterment of the academics of the students. The Research Essay Coordinator PGT English Ms Pinky Thapa told the news correspondent that this time was the best opportunity for the students to learn the international level assessment project and refine their skills of thinking, researching, testing, questioning and concluding. The assessment program was implemented in August 2020 with regards to the implementation of NEP 2020 and will be submitted in the month of February 2021. Many teachers have already submitted their Research Essay topics, like under the supervision of Mr Shubham Goyal German teacher, Tanishq of class 6th will submit a Research Essay of about 1500 words in the statement question, 'Why should we learn German Language in today's world?' All the subjects available in the school have been included under the RE assessment program and all the subject teachers are supervising the students of class VI to IX under the superior guidance of the Visionary Principal Mr Deepak Purohit. A greater team is required to justify a great dream. That dream we can see coming true in The Umm International School Abu Road with the new Research Essay Assessment program
